Sub: Queries for tender: Supply and Installation of Furniture Items

Dear Sir,

With reference regarding subject mentioned above, M/s Unique Supplies Company would like to participate in the above mentioned tender. We, however have a few queries regarding eligibility criteria for the bidding documents of the said tender. Our queries are mentioned as under:-

1. Point # 2.6.5 (2) of the Tender documents states ***“Banks presently on Cliental List (For counting of each bank service to at least 5 branches are mandatory) for supply of relevant items having the similar specification as been offered in the tender”*** with the maximum of 25 points.

As we have been providing furniture to several organizations from the past several decades, you are kindly requested to waive this mandatory condition for the provision of furniture to the banks only. We; however, had provided our State of the Art furniture on provincial and governmental level to multiple organizations throughout Pakistan. Our enclosed profile vouch for the same. We are anticipating to enter Pakistani financial sector and requesting you to reevaluate and waive this condition.

2. Scope of Work of the tender document asks the successful bidder that ***the company will need to provide furniture within 15 working days for its 29 new branches(ref: Annexure H)***
Requesting you to please clarify if those 15 working days will be counted simultaneously or the successful bidder will have to provide furniture one branch/ on order at a time. This will certainly help us to monitor and adjust our production time/ process as per your requirement.

We hope that our queries will be answered promptly as we are seriously anticipating to participate
